**1<sup>st</sup>      Virlees Claudius JW ShCH HD 0:0 ED 0**

I have judged this dog a few years ago and then I awarded in the RDCC. Today he has his faults but I like his free movement, reach and drive going around the ring. His head is strong, dark eyes, neat ears, strong muzzle,. Neck could be a bit stuffy but shoulder placement is good. Correct length of upper arm, strong body with powerful quarters which he does use on the move. Good condition and he could work all day which he is meant to do. Dog CC and Best in Show. Hopefully will get his 3<sup>rd</sup> CC.

**Special Working**

**Falkors Wicked Secret was 2<sup>nd</sup> in Open Bitch**

On the day all dogs had correct bites with the exception of 2. Coats were clean but in some cases tight feet were missing which tells me that the dogs are not exercised. Tail sets on most dogs were correct but a few had their tails over their backs and in one case its tail was over its back and down by its side. This is something breeders have improved but more could be done. I was pleased to see so many young lovely puppies in both sexes.

As I have said, temperments were very good. I must thank my two stewards for doing a quality job all day but most of all I thank each and every one who entered for me to judge the dogs. I thank you most sincerely for that.

Thank you

Mr John Bond
